

## SQUALOR

Fucking squalor  
Epitomizing human wreck  
His quaffing escalates  
Out of control  
The booze flows freely  
Satan had him in his clutches  
He has gone without abundant life  
All the time dying a slow death

Dwindling bottles  
He is not the sloppy drunk  
He swears he is not the juicer  
Nothing could be further from the truth  
Squalor, a life in fucking squalor  
Off to the races again and again  
With the sneaky inebriation  
Yet he jubilates
